

MaxRun RGB 4040 LED Strip Light - VN

RGB-CC4040MR-84-10-10m-GP

Country of Origin: Vietnam

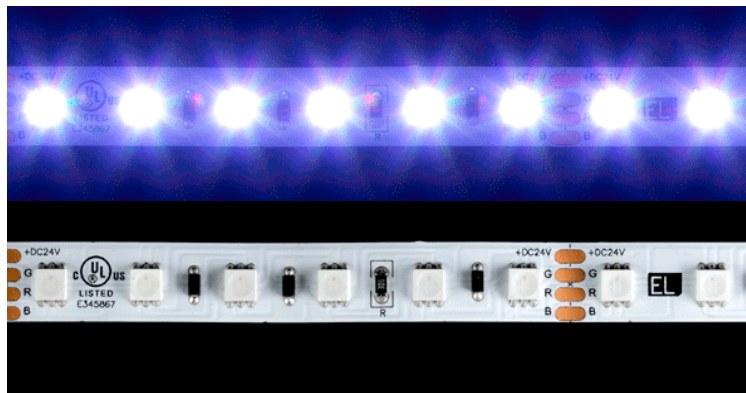

PRODUCT DESCRIPTION

MaxRun RGB 4040 LED Strip Light is our longest RGB LED strip light. Each reel is 10 meters long, making it easy to add color-changing light to large installations. Use MaxRun with one of our channel systems to create a finished look that spans long distances. Each 10-meter reel uses less than 120W, runs on 24 VDC and is UL Listed. MaxRun LED Strip Light is ideal for a variety of lighting installations, whether you need vibrant, color-changing effects or want to achieve uniform color over long run lengths.

Ideal Application: We designed LumenMax RGB LED Strip Light for installations that need the brightest color-changing light available. It is a choice for fixtures, light bars and direct lighting applications.
