

**Parts needed to mount the JAZ extrusion**

Extrusion (A)

LED strip (B)

Hanger (C)

Cover (D)

End cap (E)

**Tools needed for mounting:**

- drill

**NOTE!** All LED strips must be connected to a 12 V or 24 V power supply.

**IMPORTANT:** The manual presents the simplest mounting procedure.  
More mounting procedures and related accessories can be found at [klusdesign.com](http://klusdesign.com)

**1.** Drill a hole in the extrusion (A) to feed the power cable.
