

5-in-1 LumenWash LED Wall Washer - RGB + Tunable White -24W - 1m

Illuminate walls and surfaces with RGBTW

5-in-1 LumenWash LED Wall Washer is a batten-style LED fixture that illuminates walls and surfaces with RGB and tunable white light. Transform entire environments by mixing red, green and blue with 2,400K and 6,500K white. It has a focused 15*60° beam angle that can light walls up to 50 feet, making it perfect for sets, booths, store displays or anyplace where eye-catching color is needed.

This fixture requires the 5-in-1 wireless remote, sold separately. The 5-in-1 LumenWash LED Wall Washer is self-contained and connects to a standard 120V wall outlet. Each 5-in-1 LumenWash comes with two sturdy and adjustable mounting feet for mounting on flat surfaces.

- Seamless blending of RGB with Tunable White (2,500K to 6,500K)
